## **New Lusty EMS Adelaide Dealership offers full sales and service support**

After much anticipation, Lusty EMS is opening a trailer dealership in Wingfield, South Australia to enhance their already extensive Australian dealer network. Lusty EMS aluminium trailers are famous for their durability, high quality and high payload. The complete range of Lusty EMS aluminium semi tippers, dogs, rigid bodies and walking floor trailers will now be available at its Wingfield branch, located at the of Corner Eighth and Ninth Streets in Wingfield.

The new Lusty EMS QuarryMaster rigid body and dog aluminium tipper will also be unveiled at the Wingfield branch. The rigid/dog tipper combination is available as a rigid body and 3 or 4 axle dog trailer. Purpose built for sand, soil and gravel carting, the QuarryMaster is a cost effective transport solution if you are looking to minimise your operational costs, while maximising your bottom line.

In addition to the sales operation, the Wingfield branch will offer full after sales support in all aspects of major trailer repairs including rollovers or changing your trailer configuration right through to servicing your trailer.

The new branch is headed by Sales Manager, Jason Hokianga who brings 13 years transport experience to the position. Jason is an Adelaide local who spent the last four years working in Victoria, most recently as a Regional Sales Manager for Lusty EMS in Melbourne, and who is now looking forward to returning home to Adelaide.

"I look forward to introducing the complete range of Lusty EMS trailers to the South Australian market as well as launching our service centre to cater to the Wingfield and surrounding areas. I am excited to make the move back to Adelaide and look forward to working with transport operators to understand their businesses and the challenges that they face." Jason said.
